Transaction Basis(B) /
Investment Rationale(R): B

Legends for:

Transaction Basis (B) / Investment Rationale (R):

B - HSBC has not provided any advice or made a personal recommendation or solicitation in relation to this transaction

R1 - Transaction aligns with your target asset allocation

R2 - Transaction will diversify your investment portfolio

R3 - Transaction provides you with desired sector / industry exposure

R4 - Transaction provides you with desired country / regional exposure

R5 - Transaction provides you with desired currency exposure

R6 - Transaction aligns with your short-term market view

R7 - Transaction aligns with your objective to hedge

R8 - Transaction was specifically requested by you

R9 - Transaction aligns with your bullish/bearish view on the underlying asset and your desired positioning for yield enhancement or capital gain

R11 - Transaction aligns with your decision to realise profit / cut loss by closing out an existing position

R12 - Transaction allowing you to buy/sell all/part of the underlying asset at your desirable predetermined price/target within the contract period despite the investment risks may be higher than other structured products.

R13 - The transaction amount was specifically requested by you. The transaction does not form a significant part of your total net worth.

R14 - The transaction amount was specifically requested by you. The Bank understands you would like to reconsider the CIP parameters to cater for your investment activities in the coming days/weeks/months.

R15 - Despite the long tenor of the product, you have a succession plan on the account.

R16 - The Bank understands you are planning for cash/assets to be injected to the account which would mitigate the mismatches.

R17 - The Bank understands you have designated the account for this type of investment and you have other accounts elsewhere to diversify your asset allocation.

R19 - The account has recently conducted a CIP review and the new parameters agreed in CIP review will mitigate the mismatches.

R20 - You would like to re-balance your portfolio in the coming days/weeks/months.

R21 - Taking into account the series of other transactions on the day, the mismatches will be resolved.

R22 - Roll over of current holding and mismatches will be resolved after the current holding is settled.

R23 - You understand that the product/security is liquid in the secondary market under normal market condition despite it exceeds your investment time horizon.

R24 - The transaction aligns with your objective to hedge your interest rate exposure.

R25 - The transaction aligns with your objective to hedge your equity exposure.

R26 - The transaction aligns with your objective to hedge your currency / commodity exposure.

R27 - The transaction has the objective to de-risk the portfolio.

R28 - Refer to email communication during discussion earlier for investment rationale. Please contact your relationship manager or investment counsellor should you have any question.

Notice to client: This information is not intended to provide any description of the features, attributes or risk factors of the investment product involved in the transaction set out in this document. It is provided to you solely to enable us to comply with applicable regulatory obligations or guidance in providing you with the rationale underlying that transaction at the time of trade. It does not alter the nature of the legal relationship between you and the Bank as set out in the Bank's Standard Terms and Conditions. If you have any questions, please contact your relationship manager.
